ROAD CLOSURE TIMES

October 2nd, 2016

The event will follow a rolling closure which means that traffic will be affected during the time period when the first runner comes into that section and ends when the last runner leaves that section. Sections are marked accordingly. All roads will close about 15 minutes before the first runner enters the area and open about 15 minutes after the last runner exits the area. Intermittent traffic during these times will be allowed between runner gaps.

EISENHOWER PARK
